

Mavette Sadile

DEPARTMENT: *County Technology Office*
TITLE: *Info Technology Contract Manager*

Mavette Trinidad Sadile started her career with the County of San Diego (CoSD) 14 years ago and has had a great experience working at the Health & Human Services Agency, Department of Human Resources, Auditor & Controller, Treasurer-Tax Collector, and currently at the County Technology Office. Her career with the CoSD started when she was hired as a Junior Clerk at the HHS Tuberculosis Clinic. She eventually found her calling in Information Technology (IT) and has had the pleasure of working as an Enterprise Resource Planning (ERP) Specialist, ERP Analyst, Departmental IT Specialist, and currently as an IT Contracts Manager. Along the way, she has met many amazing people, some of whom have become second moms, friends and mentors.

Mavette continues to enjoy being part of the [San Diego County Employees' Charitable Organization](#) and [County of San Diego Filipino-American Employees' Association](#). Not only have both organizations given her the opportunity to grow as a leader and meet great people, but more importantly provided her the opportunity to give back to the County and the community.

Mavette enjoys working out, traveling / adventuring, being an auntie to her 2 nephews, and exploring the many wonderful places to eat in and outside of San Diego. In fact, if you have a recommendation on a good place to eat, don't hesitate to let her know!

Mavette is a proud San Diego State University alumnus and is a big believer in **"Luck is what happens when preparation meets opportunity"**. In the future, she looks forward to continuing to grow as a leader in the County of San Diego, becoming a mentor to others (as a way of thanking her mentors), traveling / adventuring, and conquering new challenges! Carpe Diem!
