

Leah Botin

DEPARTMENT: Clerk of the Board Supervisors
TITLE: Board Assistant

LEAH BOTIN has worked for the County of San Diego since 2002. She started as a Records Clerk at the Probation Department and then moved to District Attorney as Legal Support Assistant II. She is currently serving as a Board Assistant for the Clerk of the Board of Supervisors where her duties include processing Conflict of Interest and Form 700, receipt and processing of summons and subpoenas, agendas and meetings from other departments, cashiering, and US acceptance of passport.

Before migrating to the United States, Leah worked in various industries in the Philippines including agriculture, manufacturing, education, logging and mining, investments, and business development. She received a Bachelor's Degree in Business Administration from St. Theresa's College in Quezon City, Philippines.

Leah enjoys working for the County of San Diego because of its inclusive culture that brings on board a variety of people from different backgrounds. Because of her passion to provide excellent service and enthusiasm for every task assigned, she has been recognized with multiple awards from Probation Department, District Attorney, Clerk of the Board of Supervisors, and has also received recognition from the US Department of State.

Leah enjoys volunteering her time to serve the community and help others. It is embedded in her heart to assist the less privileged and to encourage others to participate and lend their time to their community. Over the years, she has assisted with several County of San Diego Annual Volunteer of the Year events, District Attorney Consumers Protection Program, and is a regular volunteer with Registrar of Voters distributing election supplies and/or serving as Precinct Inspector during election. She has participated in the Waterfront Park Grand Opening, March of Dimes, San Diego Blood Bank Blood Drive, Daffodils Days Campaign, and We All Count Homeless Census. She has also extended her volunteer efforts to CSDFEA, regularly assisting with the Philippines Consular Outreach and other group volunteer efforts.

Outside of her volunteer efforts, Leah enjoys traveling, exploring other countries through their history, food and culture; watching musical theater; and visiting museums. Per Leah, ***“A meaningful life is not being rich, being popular, being highly educated or being perfect... It is about being real, being humble, being able to share ourselves and touch the lives of others. It is only then that we could have a full, happy and contented life.”***

MARCH 2016 CSDFEA MEMBER OF THE MONTH
